Sacred Relationship

Part II

Your Heart and all of your Spiritual Centers are expanding their frequencies and your true capacity to love. Humanity's higher feeling nature has not been free enough to integrate the fullness of this Love since the last Golden Age.

Master Kuthumi (Saint Francis) and Lady Master Claire

All relationships are *sacred*, yet most of humanity has not really understood how to extend their love of God into the love of another or how to stay aligned with the deep joy and inner peace that is always available when one has surrendered into the Presence. When you live as your Presence, your all-inclusive arms of love can truly embrace the whole of life as the Beloved and you naturally become part of creating the new relationship paradigm for the next Golden Age of Freedom.

As the heart begins to remove the shields that have attempted to protect it from its centuries of isolation from the true Self, the soul is starting to experience its freedom. The ancient yearning for the Beloved is starting to be recognized and felt beyond the fears and illusions that previously created the consciousness of your world. Many of you are starting to see that there is truly nothing to fear, to judge or

to amplify except the Love and Light that is living through you and all of life. You are truly inseparable from Source when you are present as your true Self ~ as the Love you truly are. For *as* this Love, the seeking comes to an end.

We discovered during our lives as Francis and Claire that the sharing of unconditional Love was the true reason we were on Earth and that this Love is available to all souls. Every lifetime presents the heart, mind and body with an opportunity to express and expand Source Love and Light. The soul's deepest desire is to reunite with Source. It has attempted to fulfill this deep longing lifetime after lifetime by trying to find another who would satisfy this yearning.

Sacred Relationships await all those who are willing to surrender so deeply into their Presence that their separate selves disappear into the Love and Light that is at the Heart of Source. Many of you are presently on the Earth to experience Union with the Beloved while you are still living in a physical body. The levels of relationship we are bringing into your awareness are being brought to you so they can become the foundational principles for your new Golden Age. This is especially wonderful news for those of you who know you are here to demonstrate this new relationship paradigm for generations to come. Look around your world and you will easily see how much this new paradigm is needed NOW.

*As you deepen your alignment with the Presence,
you may find yourself yearning to spend more time
within the arms of the Beloved
that are always there to enfold you in the silence of the Divine Source.*

When we were upon your Earth, we practiced accessing our words and our activities from out of the inner silence. This was one of our natural practices and as it extended into the others in our community, it deepened our intimacy with ourselves and with each other. As we witness humanity's communication patterns, we see that living out of the silence is still quite rare and, in fact, most people are actually fearful of surrendering into the unknown that the silence represents. When you drop into silence, even if only for a few minutes, you enter the realms of Oneness where you join with others in Sacred Relationship.

We are starting to witness your increased willingness to simply celebrate the pure sacredness of being alive and in a body ~ for in a body you can enjoy both the etheric and the physical experience of your soul and the soul of another while knowing that every moment is sacred. As Twin Rays we learned how to bring the joy of the Presence into our everyday activities and all who were with us lived in Divine and Sacred Relationship with each other, with the Earth, and with all of life around them. To support *you* living in sacred relationship, ***Sacred Relationship Courses*** have been created so that you may experience what we did while on Earth.
