Creating the New Golden Age

Part II

Every time you consciously align with your Presence or True Self, you are serving all of humanity by being a living example of Unity Consciousness on Earth. Being present as your True Self extends your capacity to activate the pre-separation encodings within the expanded strands of your crystalline DNA and it amplifies your ability to cross over the threshold that is connecting your mind, heart and body with your Christed Estate of Consciousness in the 5th Dimension.

Jeshua and Mary Magdalene

Energy is being rearranged within and around your body under the direction of your Presence in cooperation with your body elemental, the

Ascended Masters and the Elohim who have elected to assist you in your ascension. As you walk through the thresholds that are taking your consciousness into the 5th dimension, you may be feeling sensations like electrical currents running through your body or hearing high-pitched sounds. This is all part of the process that your body is going through as the ancient strands of your crystalline DNA are being reactivated.

Sometimes the ancient wisdom encoded in your DNA begins to awaken memories of your star lineages as well as memories you may have from living during the last Golden Age of Atlantis. As this awakening progresses, you may also find yourself re-experiencing some of the cellular memories that have been stored within your 2-strand DNA. All memories within your DNA are being reviewed with Divine Grace by your Presence, your Ascended Master sponsors and all of the heavenly host who serve with them.

Your soul's creations are also being viewed by your own Christ mind and feeling nature. These domains of your consciousness are what allow you to look upon all of your creations with equanimity. They assist you in making responsible choices based on what is still important for your learning experiences on Earth, as well as what can be directly transformed back into Source Love and Light.

These "soul reviews" are a great blessing. They are expanding your ascension capacities, and right now there is nothing more important than your vibration rising (or ascending) back into the unlimited consciousness of your Divine Presence. You may want to ask yourself if your relationships, your way of living, your diet and your day-to-day thoughts and feelings are really supporting your ascension and the further embodiment of your Presence. These honest self-explorations will refine and expand your ascension potential as well as keep awakening the ancient strands of your crystalline DNA, which are naturally encoded to assist you in embodying more of the Source Love and Light that was originally seeded within every cell of your body.

The only reason you have not had more access to your original Divine encoding is due to the armoring that your mind placed around your heart and eventually around the cells of your body to protect you from feeling too much pain. That armoring is not serving you during this time of the Great Shift. Your purpose is not based on protecting yourself from the suffering of the world, yet rather to see it with the compassion of a Christ, a Quan Yin or a Buddha. Your God Presence holds these immense capacities for compassion within your very own heart.

The armoring around your cells has been sustaining centuries of misinformation and yet your crystalline DNA has been maintaining your ascension frequencies so your mental, emotional and physical body would be prepared for these times! The ancient wisdom that these crystalline strands carry is connected into the supra levels of your heart and mind that are *already* living in Unity or Christ consciousness ~ beyond the constraints of duality thinking and the illusions that are still being carried within the 3rd and 4th dimensions of consciousness.

Earth has always been a school for learning how to live and love from the immense powers that are stored within the etheric substance of the heart. As you continue to balance the energies of love and power within your world and within your own mind and heart, *you will become a conscious witness of the most glorious transformation humanity has ever experienced.* What will emerge is more wonderful and more powerful than you can probably imagine. It is truly your time to walk the Earth as a Living Master and for you to demonstrate spiritual dominion within your own life so you can be a living demonstration to all those around you.
