Moving Through the Shift

Part II

These times have called forth the strongest and most dedicated of human beings. Even those who are creating wars are sometimes volunteers who have agreed to show humanity what an extremely negative misuse of energy can create in your world. It is your opportunity to look at every level of your individual and collective creations so you can choose what you want to keep supporting in your own lives and world.

Master El Morya and Lady Miriam:

Your days of being torn apart by the world's vain attempts to keep you from living the truth of your glorious spiritual inheritance are quickly coming to an end! You have been sitting on the edge of your seat long enough. Rise and walk forth triumphant even though the world all around you may *appear* to be falling apart. In actuality, beloveds, you have turned the corner and you are walking towards a whole new way of living in your world and perhaps most importantly, there is no need to leave crumbs along the road as you will not be returning to the old world.

The villain and victim plays have scattered their dusty remains in the streets of yesterday and the only thing to do is to embrace the glory of the ever unfolding and always mysterious moment. All the limited stories have been lived and the only place to go is inward, upward and outward. You are truly awakening within your individual and collective potential for living as free, sovereign, cooperative, co-creative and DIVINE human beings!

At first you may wonder what it will feel like to live your life without carrying around stories from your past or scenarios of fear, which have kept all of you engaged in various degrees of separation. You may wonder if you can completely crawl out of your self-imposed isolation and embrace everyone as part of yourself? *What would it really be like to stop supporting your limitations or any excuses as to why you are not really living up to or supporting the glory of who you truly are?* Yet you can always choose to live from your unlimited True Self and create a different reality than what is going on around you in the mass consciousness of your world, just like the nuns and monks in Japan who were unaffected by the radiation from the explosion of the atom bombs that were dropped in Hiroshima and Nagasaki.

Many of you have already answered these questions and made your commitment to be Golden Age wayshowers, yet some of you are still on the

fence ~ yet only in your minds, beloved, only in your minds. So we come forward to ask you to address these questions not from your mind, but rather from the depths of your True Heart's knowing. The celestial choirs are singing in great joy as they witness you freeing yourselves from carrying the weight of the past or the fear of the future, as you choose to create a harmonious safe environment in the present!

After thousands of years of living in exile from one's True Self, some of you are starting to enter into the authentic bliss that comes from simply being one with the Presence that is encoded within the Heart of your True Self. You are starting to enter into a singular field of awareness ~ of *Unity Consciousness*. There are now many of you who are experiencing increased levels of joy within your heart, mind and body as you bring more and more of your Presence into your human expression. We are seeing many of you starting to take off the ages-old shields that have been around your hearts and your bodies for thousands of years. This removal is allowing you to extend and expand the glorious essence that naturally resides within your heart's original encoding from Source.

We are here to encourage you to really look at why you have chosen to be here during this Great Shift in the Ages. What have you come to do that is in full alignment with your Divine Blueprint for these times? *What is your part in co-creating the next Golden Age of Freedom?* Many of you have already agreed on the inner planes to be the wayshowers for others during these pivotal times, yet there are still thousands who are reaching out to unfold their part in the Divine Plan during this Great Shift that is now being felt all over your world. Many want to *feel* how they can be a greater expression of the Source Love and Light that is deeply encoded within the etheric substances of their Spiritual Heart and many people are reaching out for more ways to stay centered in this True Heart.

We have designed exercises within our Courses to *Walk the Earth as a Living Master* to create a more conscious relationship with the Heart of your Presence so this glorious, awakened expression of your being can assist you in bringing the mental, emotional, physical and etheric domains of your consciousness through their full ascension into your true unlimited Self.

You are also being invited to become certified teachers of the *Golden Age Courses* for men, women, parents, teachers, caregivers and children of all ages. We look forward to your participation.
