May 2009

## *THE GREAT AWAKENING*

These messages are given to us from the great Masters and Cosmic Beings of Light who have already realized their freedom in the Ascension. They are here to assist us in walking the Earth in the freedom of our mastery.

### **Ascended Master Serapis Bey**

As the overseer of the Ascension progress within all of humanity, Archangel Gabriel and I are amplifying the Light within the cells of your body to prepare it for embodying more of the Presence. You are all in the process of ascending into—remembering and realigning with—the truth of your Divine origins, which has been lived by relatively few.

*During these glorious times, you are being called to live your mastery, to live as your Presence and to remain awake even while others may be sleeping.*

Unity or Christ Consciousness is no longer an impossible dream reserved for the very few. You have many within your realm who are doing all they can to align with their original encoding. *Everyone in your world has consciously or unconsciously volunteered to be here during this great awakening.* In the days ahead you may start seeing the world around you and everyone in it with entirely new eyes—the *eyes* of the heart. These *eyes* see and feel the illumined truth versus the misunderstandings that have spun their webs of illusion throughout thousands of years.

Your power to co-create a new Golden Age of Freedom ultimately lies within your willingness to bring the physical, mental and feeling levels of yourself into Unity Consciousness. Separation has been the greatest illusion ever accepted by the minds and hearts of humanity. The consciousness of your Presence lives outside the third-dimensional matrix of duality. It is already ascended and free and your Divine Blueprint for these times is to live as that consciousness.

**The Presence can only enter a body that has been prepared for its *embodiment* and it can only align with a mind, heart and feeling nature that has realized its Oneness.** In that realization, the Presence becomes one with the soul. This preparation is the major focus of the Courses being offered at ***[www.WalkTheEarthAsALivingMaster.com](http://www.WalkTheEarthAsALivingMaster.com)***.

Your body is presently undergoing exciting changes. A completely new horizon is opening up that is so vast you will have no references for it within your third dimensional mind or world. You can move through these changes with much more ease by

cleansing, forgiving, transforming and thus loving free any fear-based memories that may be held within or around your body. When this cleansing reaches a certain momentum, your etheric Spiritual Centers start to create an *Ascension Spiral* within your body.

Humanity is starting to re-member its True Self within its crystalline consciousness—its *Christ-all* awareness. These exquisitely clear crystalline frequencies are starting to spin the Sacred Geometries that were encoded within your Soul's original sphere of consciousness. The conscious use of these geometries will greatly magnify your capacities to co-create your next Golden Age. This is also part of the Course referred to above.

There is much that precedes the actual manifestation of an entirely new Age. All facets of the mind, heart and body are going through an entire metamorphosis as your planet and all life within and upon her are ascending. This movement is being overseen in sequential increments so everyone can adjust to the necessary increases in frequency.

You are so much more than what you may *believe* yourself to be. An ascending master must have faith in the unknown and an unshakable faith in Source. You ascend following the same path you used to bring yourself into density. This means that you are becoming more etheric and more sensitive as you realign with your original Divine Blueprint. To ascend with a planet and a galaxy, you become one with all that they are—meaning you become a demonstration of human, planetary and galactic levels of consciousness in Oneness with Source.

## **Ascended Lady Master Nada**

As one of the overseers supporting the Divine Feminine within the many Councils that serve the Divine Mother whose entire *body* is composed of the Love that sustains and nourishes all of life, I am presently responding to thousands of calls coming forth from souls on your Earth who feel they have lost their true capacity to love.

These are not timid calls—they are rather screams asking for our assistance. We respond by sending forth legions of angels who surround the hearts of those making the calls with waves of unconditional love, which is usually felt and sometimes seen as Rose/Pink energy. If the soul is particularly contracted, the love we send may not be felt, yet it is always sent.

Over time, the entire world shifted its primary focus from love to power and a great loss was experienced by all within your world and ours. Woman began subjugating her true powers to man and ultimately she surrendered into his way of being in the world. This shift created so much separation in the consciousness of humanity that it finally created what you now accept as normal—the divided hemispheres of the brain.

This “divided” energy—which began at the fall of Atlantis—continued to penetrate the hearts of humanity until ultimately the souls living on your Earth fell into such separated states of being that they lost their capacity to deeply feel or experience Love.

We want you to know that the cries we are hearing from thousands of hearts within your world are truly being heard. We are coming forth in great legions of Light to assist you in remembering your true inheritance from the Divine Mother—to live and love unconditionally.

However, you must do your part. Competition, manipulation, judgment, greed and lack will not support the freedom that is to be the hallmark of your new Golden Age. Love and power must be balanced within the hearts, minds and bodies of the majority of humankind. As women re-establish Divine Love as their primary focus in the world, men will also start to embody more of their true love nature.

***In the Golden Age that is being created in your present,  
“making love” will include merging  
with the Heart of the Eternal Beloved,  
the Divine Beloved.***

### **The Great Divine Director**

As the overseer of the new children who are entering your world to expand and lift the consciousness of humanity, I am presently focusing on bringing the crystalline levels of consciousness back into the hearts and minds of humanity. These crystalline levels are sustaining the purity of your original encoding from Source and thus they are aligning you with some of the dormant strands of your DNA. There are many within the Cosmic Realms, and those

you refer to as the “Crystal Children,” who are now coming forth to assist you in opening up the more ancient strands of your DNA.

The souls that make up the collective consciousness of your planet came together thousands of years ago to create a *covenant*. In this *covenant*, each member agreed to manifest their thoughts and feelings in perfect alignment with the Heart of Source. Every soul lived as the Presence and knew that Source Love and Light was creating *through* their minds, hearts and bodies. When the creation became more important than its Source, everything and everyone moved into greater and greater levels of density and the original *covenant* was forgotten.

Everyone got used to being in dense physical bodies and eventually their relationship with the unseen disappeared. They became captives of their own physicality and their abilities to co-create with the Divine got transferred into day-to-day survival. Human beings eventually went into unconscious states of exile. Their Root Energy Centers started recording their survival history, their Sacral Centers reflected their imbalanced sexual needs, and their Solar Plexus Centers held their needs to stay in control to be safe. These three Energy Centers are now moving into their higher capacities, which are purity, individual freedom and the capacity to create, live and love in fearless equality.

***We joyfully announce that many of you are starting to bring your mind and heart into their gloriously expanded capacities to see what is actually true.***

In that *seeing*, you will find that almost everything you thought was true is simply a massive fabrication based in limited thinking and feeling. Originally the forms the soul used to express itself were entirely etheric, then semi-etheric, then crystalline and finally the carbon-based bodies you see today in the third dimensional world.

Some of you are already opening your extended senses as your more ancient strands of DNA are being reawakened. Science is often not capable of measuring these crystalline frequencies, so do not be dismayed if the new DNA is not being captured by your present-day instruments.

In the past, the ascension was offered to those who had provided years of service both on and off planet. Now with the additional opening of the DNA as well as the movement of the original Source energies into the Spiritual Heart, ascension is becoming a possibility for vast numbers of souls. Ascension always involves the embodiment of the Presence and thus this is a major focus of the Courses being offered at *Walk the Earth as a Living Master.com*.

Please know that you will be given lots of assistance as you open up these new levels of consciousness. The great shift is no longer something that is going to happen in the future. It is happening now.

**“Walk the Earth as a Living Master” is now available as an Online Course. To learn how you can work personally with these Masters to achieve your own mastery, go to:**
