LIVING AS THE PRESENCE

“We are by your side. You have walked through utter darkness to return to the light and for that you are loved beyond measure and applauded throughout the galaxies as heroes and heroines. . . You are being called to remember your pre-birth agreement to shift human consciousness for all present and future generations.” – *Jeshua and Mother Mary*

Lady Nada:

The embodiment of your Presence is the most vital component in walking the Earth as a living master and co-creating a new Golden Age. To live as your unlimited Presence, it is time to move beyond the limited images, ideas, ideals and beliefs that have kept you identified with your limited self. Every master has faced these same challenges knowing that they are grand opportunities for living as the Presence while walking the Earth.

Who you *think* you are now, who you think you might have been, or who you think you might become are no longer of interest to a soul who has truly merged with its Presence. This merging is becoming a focus for many of you and that continues to delight those of us who are serving with you on the inner planes.

We are also witnessing that your relationship with your Presence weakens when you believe that you must be *special* to be loved. A certain unwritten criteria for *lovability* have infiltrated the minds and hearts of almost every soul in your world. Striving for excellence can be a part of mastery, yet what we see more often is the soul's struggle to locate its true Self beneath the façades it has created to be loved, seen, heard and recognized.

This is not freedom, and if this were to continue, you would never be able to love yourself or each other with any real depth. When *enough* of you start focusing your attention on your Presence, rather than on your inadequacies, a huge shift in your collective consciousness will start taking place immediately.

As the magnificence of your collective ascension keeps integrating your physical, mental, emotional and etheric bodies into more and more of the Presence, please remember:

***The Presence cannot be confined within an ideal,
nor can it be adequately defined by your mind.
It lives solely within the mystery of each unfolding moment.***

The Light that is pouring into your planet is uprooting layers upon layers of *misinformation*. As personal and planetary misconceptions continue to be exposed, creative energy is being freed up. Rather than blindly walking through the labyrinths of

your unconscious, you are now being asked to maintain a much more direct and conscious connection to your heart and mind.

As you remove your attention from the unconscious realms of the past and the future, your mind can then be released from its ages-old need to support your persona. There are many Lightwork Exercises in the Courses being offered to *Walk The Earth as a Living Master* that are designed to assist you in increasing your capacity for intimacy within the present.

Master Kuthumi:

When the finite, limited mind merges with the infinite, unlimited mind, then your time will not be wasted on the *imagined* inadequacies that *appear* to be everywhere. When you shift into what is eternally true, the gates to the infinite and its natural abundance open wide. Life becomes an entirely new experience—a mysterious unfolding being acted out by you and all those who show up to reflect the Light and demonstrate the Love that you truly are.

Whatever *appears* to be going on within and around you actually has no real effect upon the deep core essence of your Presence. Be honest with what is moving through you while knowing that none of it is really YOU; it is just images passing through your mind and feelings.

A whole life can be predicated and ultimately lived based on beliefs founded in “if only this, if only that, then my life will work, my relationships will flourish, etc.” Another equally debilitating belief is that there is never enough: “there is not enough money;

there is not enough love; there is not enough support for me or I would be successful, etc., etc.”

Beloveds, we present you with this paradox: although there is no need to identify with the images that are arising, you are also the only ones who can transform your limited personal and collective creations back into the purity of their *original* Light. You can start ***right where you are***, for you have the authority and the mastery to transform what is not working and what is not ultimately true. Thousands within the celestial realms are here to assist you in transforming all of the misconceptions that have led you into fear so your real purpose can be unveiled and you can truly experience living Heaven on Earth!

Unconditionally love, respect and remain in ongoing gratitude for the limited self, for it has provided you with the impetus that is now spiraling you into the freedom of the unlimited Self.

Saint Germain:

Each day you will be presented with opportunities to disengage yourself from the limited thoughts and feelings that abide within the third dimensional grid of your consciousness. Please accept that *nothing* is wrong and there is *nothing* to fear or battle *against*. In fact:

***The third dimension is encoded
to ascend with humanity and with the planet
into Unity Consciousness.***

You are in the depths of a planetary re-awakening while simultaneously being aligned with an entirely new grid of consciousness. This can be unsettling as it is not at all in line with

what you have accepted as your *human* nature. I am suggesting that you choose to transform any concepts that are holding you in limitation, fear or doubt. Keep practicing love and compassion for all of life while remaining responsible for your energy field so you can embody more and more of your Presence.

Consciously bless every person who has ever walked with you in any life and please remember that the power of forgiveness, which is a Violet Ray attribute, remains a vital practice. I bless and serve you while supporting your capacity to embody the Presence while walking the Earth.

Jeshua and Mother Mary:

Your freedom is in your deep willingness to love yourself exactly as you are while remembering that you *truly* are the *unlimited* Self. When you sustain this *unconditional* acceptance of yourself and everyone else, you open the door to *unconditional* love, which is the true foundational essence of Christ Consciousness and a new Golden Age of Freedom.

During the next couple of years, the Great Light that is presently pouring into your planet will continue to move you through the remnants of the memories that have been holding humanity in fear and duality. We are here to align your hearts with ours because we agreed to assist as many of you as possible in coming into Unity Consciousness. The Divine Light of Grace is pouring onto your planet from all of us who have dedicated ourselves to serving you from within our collective Councils of the Cosmic World Mother and the Cosmic Christ.

Not since the last Golden Age have we witnessed such a flow of powerful, loving, crystalline energies come into your Earth, nor have we seen such exquisite opportunities for you to truly live your mastery. Yet, if you desire to live as an embodied Christ, you must be willing to love free anything that may be in the way of aligning with your Presence.

We have chosen to take this journey with you, yet you must *also* choose. You must first choose to love yourself deeply and completely. There is no way of moving into Unity Consciousness without this foundational agreement. You must have the courage—and surely we will extend to you our Grace—to transform all the remnants of fear that might be keeping you from living as your Presence.

The Courses being offered to *Walk The Earth as a Living Master* provide exercises for transforming every level of your limited programming. You can move through this with ease once you are sincere enough to expand your heart and move out of any limiting perceptions. The relative mind knows nothing about the unlimited, unconditional realms of your Presence.

You are all untangling the threads of deception so you can weave the truth into your garment of freedom. Being in complete integrity with every single aspect of your life is vital; your thoughts, actions and words must all be in alignment. The choice to take complete responsibility without it becoming a burden is the garment of compassion worn by every master.

We are by your side. You have walked through utter darkness to return to the light and for that you are loved beyond measure and applauded throughout the galaxies as heroes and heroines. You

have now embodied the strength, love and wisdom to create an entirely new reality. You are being called to remember your pre-birth agreement to shift human consciousness for all present and future generations.

*Your souls are encoded to fully potentialize your capacity to walk the Earth as living masters.
You can do this!*
