Co-Creating A New Golden Age Part II

Many of you are going through accelerated changes as you continue to move your consciousness into the 5th dimension. All of these changes are being overseen by your Presence and we are assisting you as much as cosmic law will allow. Some believe that ascension involves leaving the planet, yet the ascension is really about being on Earth in an entirely new way. Very few on your Earth have ever lived their full potential as Divine human beings, yet that will be your experience in the new Golden Age. As you continue to align with your Presence, your Crystalline Blueprint will start pulsing into your heart your true reason for being here during these extraordinary times. For

each of you has a part to play in co-creating a new Golden Age. Keep listening to what that part may be and move forward with joy.

The Ascended Masters of Shamballa:

Many on your planet are awakening out of the dream that humanity has been dreaming for thousands of years. Within that dream are many illusions that have been held within the collective consciousness of humanity. These illusions are finally being seen for what they are. Through our Divine intervention, the Grace of the Divine Mother and your Divine intention, every thought and feeling that created the illusion of separation, fear and duality can all be transformed back into the pure Love and Light of Source.

Remain unaffected by the fears and prophecies that are circulating around your world. When there is a true shift in the Ages, prophecies always abound, and though some of them may manifest because enough of you are *literally creating them with your thoughts and feelings*, we encourage you to remain focused on what you *do* want to experience so *that* becomes your reality.

The ascension is truly inevitable and your mental, emotional and biological bodies may even be going through some *necessary* changes. These times are birthing you into a glorious new Golden Age and you now have the opportunity to choose how you would like to be part of co-creating that Age.

We invite you to remain increasingly aware of what you are *focusing on* and therefore *creating*, and to ask yourself if *what you are creating* is really expanding the Love and Light of Source *or* increasing fear, separation and lack? These are the questions everyone must ask who has

chosen to walk their mastery and be part of co-creating a new Golden Age.

We have observed over many thousands of years that most human beings do not naturally live in the moment. Your Presence, or True Self, is the part of you that will be co-creating and living in the new Golden Age and your Presence *only* lives in the moment. Many believe that the capacity to be present depends on the *thinking* mind, yet that part of the mind is seldom still enough to be present. It is the mind *in the heart* that is seeded in the True Self and *that* mind lives and creates from the stillness.

With the help of your Presence and your own guides and guardians, any armoring that may still be around your heart is being removed as are the veils that have kept your eyes from seeing the truth. You have been preparing for many lifetimes to merge with your Presence as it is from this level of your consciousness that you will be creating your new Golden Age. The 5th dimensional levels of your consciousness have been escalating its connections with your mind, heart and body over the last year. Many of you have been feeling this.

This step into the 5th dimension must be taken so humanity can learn how to co-create in more cooperation, equality and mutual support for each other's unique gifts. In a very real sense, you are being called back home into the loving embrace of your own God Presence.

To assist you merging with your Presence and living as your True Divine Self and being part of co-creating this new Golden Age, the Masters from the ascended realms have created a new course, *Co-*

creating a New Golden Age as well as the *Co-Creating a New Golden Age Teacher Certification Training* to share this with others.
