## *Living your Mastery*

*“We are calling you into your mastery now ~  
to shine your light and love so powerfully that others can witness the  
freedom that is now possible as we move into the next Golden Age.”*

### **Ascended Master Serapis Bey**

These times are unprecedented in their support of you achieving your mastery on every level. The physical body is being given the opportunity to move its frequencies from being carbon-based to being a crystalline expression of Love. This means that you are reflecting more and more of the Light of Source into and through your body and that in turn and by your intention, you are sending this Light out into the world as a part of your service to humanity during these transitional times.

Your cells are filled with water that is sustaining beautiful crystalline patterns that are naturally created by your every thought and feeling. These patterns are continually reflecting your consciousness as well as picking up the thoughts and feelings of those around you. This has made it challenging for most of you to really know your true self, yet knowing yourself is a primary step in walking your mastery. The self that most people know and show to the world—even to their family and intimate partners—has nothing to do with their true Presence.

The false self was created by the ego mind to avoid merging with the deep fear and profound pain that naturally arose over the centuries of being separate from their

own God Presence! Human beings have been living behind their collective *veil* of tears for so long that they have mostly forgotten how to love or to truly connect with the heart of another. The ego was given control of both the heart and the mind within the majority of humankind in order to keep the soul from noticing its great façade. This led to centuries of sharing falsely-based stories about one's self and each other in an attempt to feel better and to feed the illusions of separation. People started to believe these stories and thus they moved into deeper and deeper levels of fear and separation. This ego mind finally built up enough power to create a psychic armoring around the heart. This gave the soul a sense of false security until eventually the *armored* heart was passed forward from generation to generation.

For humanity to move deeper into the freedom that comes from living as the Presence or Master Self in Unity Consciousness, the heart must be opened enough to re-establish itself as the true center of the soul. For within the heart are the original Light encodings that contain very specific frequencies that are designed to now be used alchemically for transforming all unnecessary armoring around the heart and around the other Spiritual Centers. The crystalline nature of the soul and the crystalline DNA that existed before fear created your illusionary states of separation can then be loosened up enough to move your body, mind and heart into its next dimension of expression.

You are all here to awaken to your Self as the Presence of the Divine. Legions of Light sent by the Spiritual Realms are now maximizing the Light they can bring into your world based on humanity's overall state of consciousness.

*This is why we are calling you into your mastery now ~  
to shine your light and love so powerfully that others can witness the  
freedom that is now possible as we move into the next Golden Age.*

As far as the world at large is concerned, there is always a breakdown in the status quo before there is an emergence of a new consciousness. This Spring marks your turning point ~ that place where your critical mass is arching over the edge of no return. Stay awake as to how you can keep walking your mastery. We will continue to shift your consciousness by escalating the Light encodings within your physical, mental and emotional bodies these next few months.

The walking of your mastery involves choosing what **you** are bringing into your body, heart and mind and what **you** are sending out into the world. That is how we work together as joint emissaries of the One Heart. Your mind is receiving this pure Light so it can cooperate with uprooting everything unlike its Self. As it

shines into the veiled recesses that have been unconsciously maintaining your life in rather habitual ways of living, you will feel increasingly more spacious and increasingly more attracted to the healing, restorative sound of silence. To support you in living your mastery, we have created *Courses to Walk the Earth as a Living Master*.

Remember, beloveds...you are the One you seek!
